## **To Whom It May Concern**

### **Testimonial for Dean Clipsham**

#### **Re: Gainsborough Men's Shed Website**

Working with Dean to develop the Gainsborough Men's Shed website has been a genuinely positive experience. While we provided much of the content and layout direction, Dean listened closely, understood our aims, and responded with a site that truly reflects the spirit and purpose of the Shed.

He was easy to work with throughout—clear, communicative, and consistently respectful of the limited resources we had available. Dean kept us informed at every stage, advising what was and wasn't feasible, and offering practical solutions that worked within our constraints.

His responsiveness was exceptional. Messages and queries were answered promptly, and he was always patient and obliging when we requested changes. Dean attended every online meeting on time, and it was clear he'd carefully reviewed everything we asked for.

Thanks to Dean's thoughtful approach and technical skill, we now have a website that does exactly what we hoped for—welcoming, informative, and easy to navigate. We're delighted with the result.
